And now, I'll try to explain You the importance of the title, that Spencer had got recently :

On the 6-th of July 2008 Spencer became "Champion of 115 Moscow Exhibition of Hunting Dogs". (dogs of hunting breeds).

It is yearly exhibition, where all dogs hunting breeds must be present (not only beautiful one - all dogs).

At the beginning there are show of beautiful: junior class, middle class and oldest class. The most beautiful dog place the first in the ring, then second and so on. All dogs got mark: "excellent", "very good", or "good".

The dogs got a description and then begin second part of the exhibition: expert committee begin to compute a complex estimation of every dog. It lasts a long time.

In this complex are:

the points for the parentage - cousins four times removed (pedigree) - do You remember I asked You to give me more information about Spencer's relatives? and mother and father must have hunting trial.

the points for conformation (Spencer had excellent and 1 st in the ring)

the points for working (hunting) quality (Spencer has 2 the highest for fox + **universality** : wild boar, badger , blood tracks.

the points for the **posterity- high class posterity - Spencer has 9 puppies (descendant) with "excellent" and working diploma I, II, III degree.**

Spencer got 145 points, stud dog, stud (breed) class - élite, Champion Exhibition, Champion of pointing.

He got 2 presents and 2 medals: for the Champion and for the 1-st place.

This title dog can gets only one times - once and for all. It is very honorable title for hunting dogs.

And we going to this title for 6 years: 2003, 2004, 2005, 2006, 2007,2008. Only in **oldest class dogs can gets this title -when he had**

high class posterity.

I do not know what to say else. He got all the dog could gets. It was a little unusual in that day, that dogs had InterChampion on beautiful and got a highest title at the Hunting Exhibition. We are very proud of Spencer.

Thank You very much for Spencer aus der Lewermang!
